

denotes routing interior surface 3/4" x 1/4" deep

✦ denotes screw location, countersunk on outside, predrilled larger than screw max dia in side panel, equal to screw root in interior panels.

all but the bottom edge of the two side panels grooved for 3/4" t-molding.

Cowboy Arcade design by T3Design

Side Panels

Interior Laminate ends here so the base can be glued and screwed directly to the MDF
