

This eBay sales summary has been collected from successful eBay pinball machine sales over the past 78 months (May 2012). This summary represents more than 35,380 machines sold on eBay during that time period. The list is hand compiled, so there may be errors or omissions. The list should only be used as a guide to value, and does not represent the condition of the machine. The list starts below the two graphs.

Average sales price on eBay is on a clear upward trend.

Addams sales prices have benefited from this upward trend.
